Bright crimson-purple, the bouquet has a very interesting and unusual combination of spice and cured meat, characters that continue on the lively, open texture of the medium-bodied palate; the finish is very long, yet balanced. A surprise packet.

Lurid purple. Cherry compote and cassis on the intensely perfumed nose. Lush, intense, palate-staining blackberry and boysenberry flavors are supported by a spine of tangy acidity. Rich but energetic, with excellent finishing clarity and persistent spiciness.
